

EGAD VA Public Hearing Schedule

The Virginia State Bar (VSB) Entry, Growth, and Distribution Study Committee (EGAD VA) has been formed to explore ways to increase the number of lawyers and accessible legal services in rural and underserved areas, aiming to meet the needs of Virginia's diverse population in these legal opportunity zones. Proposed listening tours will allow local legal professionals and the public to voice their concerns on these topics. Below is a list of confirmed and proposed public hearing events.

If you would like to provide feedback to the committee about your experience living or working in a legal opportunity zone, please fill out this [brief survey](#).

If you have questions or would like to help plan a local hearing, please contact the committee at EGADV@vsb.org
